

**GET1034**

*Communication and Critical Thinking for  
Community Leadership*

## Items to be covered ...

1. What is GET1034 about?
2. Why would I take GET1034 at the hall?
3. Where can I “park” GET1034?

## About GET1034 ...

conceptualize and implement, in halls, well-grounded + purposeful projects/initiatives with meaningful outcomes

# Learning outcomes

- understand **community leadership** and its application in different contexts
- appreciate **communication** based on constructivist's theory + its application
- familiar with a **critical thinking** framework (Paul-Elder) to analyze, evaluate, critique, form opinions and make arguments
- **present** ideas and/or arguments clearly in written and spoken modes
- engage in **reflective thinking**

# Key topics

1. Community leadership and how it relates to you
2. Paul-Elder critical thinking framework
  - elements of thought (reasoning)
  - intellectual standards (applied to reasoning)
  - intellectual traits (cultivated critical thinker)
3. Constructivist's theory of communication
  - sense making through systems of personal constructs
4. Functional communication competence
  - intrapersonal communication in multicultural and diversified contexts
  - group communication (power dynamics, groupthink)
  - social media
5. Making a successful team presentation
