# Alumni Sharing: How far can your hall journey take you?

3/26/2025

## 🎤 Alumni Sharing: How far can your hall journey take you? 🎤

On 26 March, we welcomed back [Zhi Kin Chee](#) (BSc Psychology) and [Shaun Tan](#) (BEng Chemical Engineering) for an Alumni Sharing Session. From planting trees in TH to creating social impact across Singapore, our alumni are living proof that the seeds planted in hall can flourish far beyond Kent Ridge. As our alumnus Zhi Kin aptly puts it, "Hall is a playground, giving opportunities and freedom to try out different things. Yes, it's fun but you will grow too."

Both were actively involved in initiatives like **TGreen** (our green club) and **TH Beyond Borders** (overseas service learning trip) during their time in Temasek Hall, and their experiences have now evolved into careers rooted in sustainability, design, and community impact:

🌿 Zhi Kin previously co-founded [City Sprouts](#) and now works at [Temasek Shophouse](#), a social impact hub that brings together changemakers across sectors.

 Shaun, rumoured to have planted most of TH's tree, is now a landscape designer at [Earthscape Concepts](#) specialising in tree management and nature-based solutions.

Beyond showcasing their work, the session invited residents to reflect on how hall experiences—whether through CCAs, project work or personal passions—can influence future career paths. Leadership and initiative in hall are not distractions from growth; they are often where it begins.

A massive thank you to Zhi Kin and Shaun for taking time out of their schedules to come back to TH and engage our students, and we hope to continue more of such sessions in the future! If you are a TH alum and would be interested in coming back to share in such sessions, don't hesitate to reach out to us on linkedin or email [tehsec@nus.edu.sg](mailto:tehsec@nus.edu.sg)

# Chillout 24/25

4/17/2025

CHILLOUT '25 brought together the vibrant spirit of Temasek Hall's musical community in a dazzling night of live performances and celebration. Held at Shaw Foundation Alumni House, this year's edition showcased the evolving talents of current THreshold performers, while also welcoming back cherished alumni to the stage.

Among the highlights of the evening was Breakfast Boulevard, an alumni band made up of former THreshold members who delivered a soulful set of songs that resonated with the crowd. Their presence served as a touching reminder of the legacy and camaraderie that continue to live on beyond graduation.

The involvement of our alumni in Chillout '25 made this year's event especially meaningful—bridging generations of musicians and reaffirming the strong bonds that define the Temasek Hall experience. We are incredibly proud to celebrate the enduring talent and passion of our past and present performers.

# PvP 24/25

12/28/2024

On 28 December 2024 and 4 January 2025, we were privileged to welcome home 100 cherished alumni to our annual Past versus Present (PvP) event. The event represents an opportunity to renew and strengthen the bond of our TH sporting

community. This year, to increase the diversity and participation of our alumni and residents, we expanded the range of sports, introducing sports such as badminton, volleyball and squash. It was heartening to witness 180 residents compete intensely while upholding the highest level of camaraderie.

While our alumni team ultimately emerged victorious in most matches, our residents persevered and fought valiantly, demonstrating their growth and determination. Their efforts to close the gap with the alumni team were particularly inspiring, highlighting their unwavering commitment to excellence.

This year's PvP was not just about winning. We celebrated the spirit of sportsmanship, teamwork, and continuous personal growth. As our alumni community grows, we aim to broaden the scope of this event further by introducing even more sports to involve more alumni and residents. We are confident that PvP will only continue to be more exciting and impactful in the future.

We invite everyone to join us again in our next PvP, as we continue to foster a culture of rigorous sportsmanship and create lasting memories for our residents, past and present.

Thank you to all who have supported and participated in the event!

If you are an alumni and want to give back in the different activities that we have planned or if you have any proposals, we would love to hear from you!

Please, drop us an email here: [tehsec@nus.edu.sg](mailto:tehsec@nus.edu.sg)

# PvP 23/24

12/30/2023

On 30<sup>th</sup> Dec 2023 and 6<sup>th</sup> Jan 2024, 140 Temasek Hall (TH) alumni and 200 current TH residents gathered to play in the Past versus Present (PvP) event. The

sports that were played and the results of the matches are as summarised below.

This year, we expanded our annual PvP to include several exciting new sports, including Handball F, Football F, Trug (Mixed), and Basketball F. It was truly heartening to see our alumni come together to participate in these additional sports, building upon the success of previous years. Our aim is to continue broadening the scope of this event by incorporating even more sports in the future.

The camaraderie and competitive spirit were palpable as both past and present teams delivered exceptional performances. Particularly memorable were the closely contested matches in Trug and Softball, where teams braved heavy rain and battled it out with a final score difference of just 1 point. Despite the gloomy weather, the fields and courts were alive with energy, echoing with laughter and smiles throughout both days of PvP.

Despite nearly doubling last year's turnout, the event ran smoothly, a testament to the dedication and enthusiasm of all involved. We are committed to maintaining this momentum in the years to come. At the end of the PVP, the overall winner is the present. Notably, the PvP served as excellent preparation for our teams, who went on to bring back Temasek Hall's Triple Champion status at this year's Inter-Hall Games, marking a triumphant return after 20 years.

Join us next time as we continue to celebrate the spirit of sportsmanship and rigour at PvP, and make each gathering even more memorable and impactful than the last!

# Blackbox 23/24

10/22/2023

Blackbox is Temasek Hall Dance Club's (THDC) annual dance production put up by THDC members. This year, Blackbox had two main goals. Firstly, Blackbox III was as an avenue to push dancers by creating a safe environment to explore choreography and new genres of dance. Blackbox III allowed THDC members to take ownership of their growth by giving THDC a production that they can fully call their own, creating a core memory that bonds all THDC members. Secondly, through the theme of Blackbox III "To and From", Blackbox III aimed to tell a story to the audience by showcasing different messages via various dance items. The main goal of this was to let the audience feel the heart and passion of THDC members towards dance. After three months of hard work and preparation, THDC put up a successful production on the 22 and 23 of December that embodied the heart of THDC.

The alumni members were mainly involved in two items, "Dance" choreographed

by Dylan Kok as well as “The Ushers” choreographed and performed by alumni members Antriksh Verma, Tran Thanh Tung and current year four THDC member Dylan Kok. The item “Dance” showcased the story of the choreographer Dylan Kok’s journey through dance, with the alumni coming in at the climax of the item, earning much cheers from the audience. “The Ushers” showcased the alumni members’ strong dance skills, with just three people in the item managing to engage and captivate the audience through their sharp and skillful choreography.

The continued involvement of the alumni members in Blackbox is undoubtedly meaningful as it allows current THDC members to continually be inspired by our strong alumni that pioneered and created the first production of Blackbox. It also allows to continue building strong bonds within THDC between both past and present THDC members.

# Chillout 22/23

4/14/2023

Temasek Hall's 35th Anniversary x Chillout 22/23 @ \*SCAPE The Ground Theatre

CHILLOUT X 35<sup>TH</sup>, a concert production Temasek Hall (TH) Threshold, provided performers with the opportunity to explore their distinct musical identity through sound and tone in their unique bands for a live audience. CHILLOUT X 35<sup>TH</sup>

showcased a total of 35 musicians from THreshold, with nine alumni performers. Majority of the alumni are past THreshold heads from various previous batches. Some of them are still NUS students, but they have since graduated from Temasek Hall. All performers, past or present of THreshold members poured their heart and soul by dedicating hours into this grand production at SCAPE, The Ground Theatre to celebrate Temasek Hall's 35<sup>th</sup> anniversary on 14 April 2023.

Representing two bands "Ginger" and "Fossils", the alumni wooed and engaged the crowd with their musical prowess on stage, encouraging their juniors to watch, learn, and grow. It was extremely meaningful to host them as part of Temasek Hall's history with the largest and grandest CHILLOUT to date, a grand audience of 350. Hall Master Assoc Prof Victor Tan contributed his own medleys by sportingly serenading the crowd during the short intermission.

# Temasek Hall 35th Anniversary Gala Dinner

5/27/2023

Temasek Hall turns 35: Poignant reflections, wonderful memories, and lifelong friendships @ NUSS Kent Ridge Guild House

Temasek Hall welcomed its first 485 residents in July 1988 as a full-fledged student residence. Now in its 35th year, it counts around 7,000 individuals as alumni, and prides itself on a fun-loving and innovative culture, a legacy of sporting triumphs, and its achievements in staging annual productions and charity activities.

Guests were also treated to various celebrations and performances throughout the evening, including a welcome toast, cake-cutting, and a special performance from Temasek Hall alumni band Imprompt-3. Consisting of four members, Mr Amos Yang (Arts and Social Sciences, '10), Mr Douglas Wong (Law, '10), Mr Mark Ng (Arts and Social Sciences, '10) and Mr Jensen Tan (Engineering, '11) first met in Temasek Hall in 2008.

Since the band's formation in 2009, they have won numerous university competitions and performed at various NUS and Temasek Hall events. In 2014, they also opened for American musician Taylor Swift's Red Tour concert after winning the Cornetto Ride for Fame competition.

# THAT Night 21/22

7/9/2022

Temasek Hall Alumni Transition Night, or THAT Night, was a significant milestone event organized by the Temasek Hall Alumni Board (THAB), with the aim of celebrating the graduation of our hall residents from the batches of 2020, 2021 and 2022. Since Temasek Hall's humble beginnings in 1987, a final farewell dinner for the graduating batch of Temasek Hall residents is customary and a mainstay tradition, which unfortunately had to be paused due to the COVID-19 pandemic.

On the 9<sup>th</sup> of July 2022, this mainstay tradition was revived, where past and present Temasekians gathered for an evening of fun, nostalgia, and celebration. We celebrated the contributions and successes of our final year residents, also known as Last Year Last Chance (LYLC) residents, from the past 3 years, and honored the legacy they left behind during their time in Temasek Hall.

# PvP 22/23

12/10/2022

On 10<sup>th</sup> December 2022, 100 Temasek Hall (TH) alumni and 100 current TH residents gathered to play in the Past versus Present (PvP) event. The sports that played and the results of the matches are as summarised below

**Results**

Sport	Score (past-present)	Winner
Basketball M	-	-
Floorball F	3-3	Draw
Floorball M	1-3	Present
Football M	0-1	Present (won on penalties)
Frisbee	7-13	Present
Handball M	21-20	Past
Softball	5-9	Present

While the basketball players were affected by the rain, both teams still made the effort to head down to the nearby sheltered community centre at West Coast for a half-court game. Not to mention the exciting matches between the floorball girls, where their game ended in a draw, as well as the handball guys where the present team lost by 1 point. It was heart-warming to see all teams having fun and playing their hearts out before bonding over the scrumptious bombolinis and muffins after the matches have been played. Overall, the event was greatly successful considering the fact that we have missed the past 2 years of PvP due to COVID-19, and we certainly look forward to including more sports and reaching out to more alumni in the hope of having PvP on a larger scale in subsequent years.

# Blackbox 22/23

12/15/2022

Gateway Theatre

BlackBox is a dance production by Temasek Hall Dance Club that aims to provide dancers with an opportunity to explore genres in and out of their comfort zone, within a safe space. This production aims to become a platform for dancers to push for growth together as a club. This year, BlackBox II: Intentions showcases items put up by a total of 56 dancers and choreographers from Temasek Hall Dance Club, with 11 of them being alumni

performers. Some of these alumni have graduated from NUS, while some are still studying in NUS but have graduated from Temasek Hall. All the dancers, be it past or present members of THDC have poured their souls and dedicated hours into this very production.

These alumni were mainly involved in two items, "Nothing I Can Do", choreographed by Megan Sophie Lau, and "Samsara", choreographed by Antriksh Verma, THDC's Head last year. The alumni had contributed greatly to this production by bringing their performance skills to the stage and allowing the juniors to watch, learn, and subsequently grow. A key highlight of this event involving the alumni would be the final debrief after the end of the production. They were asked to share some words about what they had thought of the production, and many mentioned that they were glad to come back and happy to see the unity and achievement of the current dance club. It was significantly meaningful as the group of alumni which first produced Blackbox came back, and were here to witness the progress of the club.

# TGreen Kayak Clean-up

10/22/2022

Jurong Lake Gardens

On 22nd October, a total of 9 alumni members and 37 current Temasek Hall members participated in a kayak clean-up event at Jurong Lake Gardens hosted by Passion Wave. The event was organised by Temasek Green, a committee in Temasek Hall focused on raising awareness and culminating efforts to preserve the environment.

In order to share light on the littering situation in one of Singapore's pristine water bodies, and to better equip the students and alumni community on what sort of litter should be picked up from the water body, a pre-event zoom briefing was conducted by the organising committee. Further sharing was also done on the actual day of the event by facilitators from Passion Wave, who helped to further educate the participants.

Alumni members expressed that they were shocked at the amount of trash littered on the lake, even with constant efforts from the members of the public and professional cleaners to clean it. Each pair in a double kayak had quickly filled up a bucket full of litter by the end of the event. All in all, the student members and alumni community not only had great fun, but also shared a memorable learning experience.

Our recently graduated alumni from various professional backgrounds got together and provided useful industry centric information based on the top 3 industries chosen by residents. What a great sharing session that was!

# Alumni Chalet

12/14/2019

Treehouse Villa, Sealand Road

In light of the festive period of Christmas and the New Year, the Alumni Board organised a gathering on the 14th Dec 2019 at Treehouse Villa, Sealand Road.

The graduates of 2016, 2017, 2018 and 2019 mingled together in a joyous celebration. The festivities include Mahjong, Werewolf and Trivia.

All had a sumptuous dinner and the event ended very late. A fun-filled night with alumni friends, laughter, great food, and reminiscing.

# PVP 1920

12/15/2019

NUS USC

On 15th December 2019, Temasek Hall had its Past versus Present 19/20 event which saw alumnus and current residents bond over a series of sports friendlies. Sports that were involved were touch rugby, floorball, football, netball, basketball, frisbee and softball. After all the intense and exciting friendlies, the current residents claimed overall victory over the alumnus. The experience of playing against an experienced and skilled alumnus certainly helped the current residents a lot in their preparation for IHG 19/20.

On behalf of Temasek Hall current residents, we would like to thank the alumnus for taking the time out of their busy schedules to not only play against our current residents, also to pass on valuable knowledge and insights on the sport and IHG preparation. We hope that everyone who attended had a great time and see you at PVP 20/21 next December!

# Alumni Sharing Session 2019

Eugene Lin

Date / time:  
Thursday, 10th March  
2016 at 8pm

Venue: Main TV Lounge

Scrumptious  
**SUPPER**

will be served during the sharing session !!!

Three of our alumni (Chia Boon Leong Jamson, Sivaram Shunmugam and Eugene Lin) came down to Temasek Hall on a Thursday evening to share about their post hall and college experiences to our existing residents. It was a night full of hearty stories and nostalgia!

# TH Charity Golf

6/24/2016

## TEMASEK HALL CHARITY GOLF 2016

The Temasek Hall Charity Golf 2016 was held on 24 June at Jurong Country Club, to raise funds towards the establishment of the Temasek Hall Bursary Endowed Fund to provide financial assistance to full-time undergraduates who require financial aid to stay in Temasek Hall (TH).

The organising committee comprised Hall Master Associate Professor Victor Tan (Science '87), Advisor Mr Seah Cheng San (Engineering '82) and TH alumni Lee Yeow Chor (Engineering '93), Leong Mei Yin (Business '92), Dennis Lee (Arts and Social Sciences '11) and Jamson Chia (Engineering '03), who had spent six months to plan and organise the event. The event was graced by Guest-of-Honour Mr Patrick Tay Teck Guan (Law '95), Member of Parliament, West

Coast GRC and Assistant Secretary-General, NTUC who is also a TH alumnus.

144 golfers including alumni and TH residents took to the green after a buffet lunch. After the game, the golfers and donors were invited to a pre-dinner cocktail and a sumptuous dinner. The highlights of the evening included a cheque presentation of S\$196,560 to Assoc Prof Victor Tan and the presentation of tokens of appreciation to the platinum donors, NUS Society and Quantedge, who had donated S\$25,000 each.

The event ended on a high note when additional donations of more than S\$4,000 were received during the dinner, bringing the total amount raised to more than S\$200,000.

**LEFT** Guest-of-Honour Mr Patrick Tay (second from left) witnessing the cheque presentation to TH Master Assoc Prof Victor Tan (extreme left) by TH Alumni.

**RIGHT** Guest-of-Honour Mr Patrick Tay and golfers from the VIP Flight.

Thanks for TH Alumni who enjoyed the game and dinner. We are glad to invite our TH Alumni, Mr Patrick Tay Teck Guan; Assistant Secretary-General – NTUC and Member of Parliament – West Coast GRC.

# Alumni Hall Games

12/10/2016

This afternoon, past and present Temasekians came together in a friendly soccer battle. The matches were exhilarating, leaving players breathless and shaking with adrenaline.

The Temasek Hall Alumni Games is part of an ongoing effort by Temasek Hall to reach out to and foster meaningful bonds with our Temasek alumni.

This year's event was jointly organized by Sports Management Board (SMB) and Liaison comm.

# Temasek Hall 30th Anniversary Celebration Gala Dinner

3/10/2018

*TH Hall Master Assoc Prof Victor Tan (middle), with (from left) Mr Najib Indra (Engineering '17), TH Alumni Board President; Assoc Prof Tay Eng Hock Francis; Prof Chou Lake Ming; Mr Desmond Lee; Prof Tan Eng Chye; and Mr Trevor He Wei (TH 30th JCRC President).*

2018 marks the 30th anniversary of the founding of Temasek Hall (TH). To commemorate the special occasion, an Anniversary Celebration Dinner was held at the National University of Singapore Society Kent Ridge Guild House on 10 March, the proceeds of which went towards supporting the Temasek Hall Bursary Endowment Fund.

The dinner was attended by nearly 200 Temasekians and distinguished guests, including NUS President Professor Tan Eng Chye (Science '85) and all the three past and present Hall Masters- Professor Chou Loke Ming (Science '69) (1988 - 2004), Associate Professor Tay Eng Hock Francis (Engineering '86) (2004 - 2014) and Associate Professor Victor Tan (Science '87) (2015 - present).

The Guest-of-Honour was TH alumnus, Minister for Social and Family Development and Second Minister for National Development Mr Desmond Lee

(Law '01). Mr Lee shared fondly with the guests his experience of making the first movie (Stamford Hall) ever produced by a Hall of Residence in NUS.

*TH alumni with Hall Master in front of the Tiger Sculpture*

Highlights of the programme included a slide show on the 30 years history of TH, a video montage of the TH Homecoming event, performances by the award-winning TH alumni band Imprompt-3, and a three-metre-tall sculpture of TH's mascot, a white tiger. The dinner ended with the Hall Master and Junior Common Room Committee leading the alumni and guests singing the TH anthem.

# Temasek Hall Family Bonzana

12/16/2017

## Temasek Hall Family Bonanza

~ 16 December 2017

Join us with your families for a day of fun! Activities include Past vs Present Sports Tournament, Carnival, and Christmas Dinner!

## 30th Gala Dinner

~10 March 2018

Celebrate Temasek Hall's 30th Anniversary for a formal dinner!

# TH Alumni Staycation

6/14/2015

A total of 25 alumni who graduated in the last 5 years were invited back for the first ever overnight stay in the Hall. A series of exciting activities were planned and actively participated by both the alumni and current residents. These included friendly sport matches, barbecue dinner, screening of hall videos, chill out and board game challenges well into the wee hours of the morning. They were joined by the current Hall Master A/Prof Victor Tan, former Hall Master A/Prof Francis Tay, Resident Fellows, Hall Manager and Hall Office members. It was a meaningful and nostalgic event for all. The staycation provided a golden opportunity for these alumni to interact and relive the memorable hall life again. It also created an opportunity for both alumni and current residents to engage with one another. Feedback was encouraging with most of the alumni expressing their interest to come back to Temasek Hall again. They also showed their appreciation through a pooled donation to the Temasek Hall Bursary.

# Chill-Out Evening

6/22/2015

This evening event was specially planned for the more senior alumni who graduated in the 1990s. A total of 20 alumni came with their families. Many of the couples met each other during their stay in Temasek Hall, making this event even more meaningful. The alumni and their families received a warm welcome from Hall Master A/Prof Victor Tan and the event kicked start with a buffet dinner in the cosy main television lounge where the alumni, current residents, Hall Master, Resident Fellows, Hall Manager Mr Low Cheng Hong and staff members interacted and shared memories with one another.

After dinner, they were given a guided tour to the facilities around Temasek Hall. They reminisced as they walked past the many familiar places around the hall, especially the Communal Hall and the rooms where they spend most of their time in. Many were seen excitedly relating to their children the fun and interesting hall life experience. The children were well entertained with a terrarium workshop conducted by the current residents and they thoroughly enjoyed getting their hands dirty to create a little piece of nature that the can bring home. It was extremely heart-warming to see the past, present and possibly future Temasekians gather together in a place that they would call home, during their University days. The evening ended off with a movie screening for the children while the adults mulled and reminisced nostalgically over the Hall Annuals of their years. As a token of appreciation, the alumni also pooled together a donation for the Temasek Hall Bursary.
